

**HARVARD
T.H. CHAN**
SCHOOL OF PUBLIC HEALTH

7th Kolokotronis Symposium on Data Science

so much data, so little time

Sponsored by the Program on Causal Inference,
Department of Epidemiology

What Problems Can Electronic Health Records Solve? *The strengths and pitfalls of EHR data*

Introduction and panel discussion co-hosted by
James Floyd, Jessica Chubak, and Goodarz Danaei

Dr. Floyd is an Assistant Professor in the Departments of Medicine and Epidemiology at the University of Washington, an Affiliate Investigator at Kaiser Permanente Washington Health Research Institute, and practices medicine as a general internist at Harborview Medical Center in Seattle, WA.

Dr. Chubak is a Senior Investigator at the Kaiser Permanente Washington Health Research Institute, and an Affiliate Associate Professor in the Department of Epidemiology at the University of Washington.

Dr. Danaei is an Associate Professor of Global Health in the Departments of Epidemiology and Global Health and Population at the Harvard T.H. Chan School of Public Health.

Friday, April 5, 2019 | 3:45-5:15pm | Ballard Room, Countway Library

Open to anyone interested in data science. Refreshments will be served.
